Intensive Essentials CBD Cream is a 100% natural product that produces spectacular results quickly...VERY QUICKLY.

Intensive Essentials CBD Cream

With 100% Organic Essential Oils

Fast Relief for Muscles & Joints

8oz / 240ml

Intensive Essentials CBD Cream provides fast relief for muscles and joints. Our proprietary formulation of Industrial Hemp Oil plus Organic Camphor, Eucalyptus, Peppermint, Sweet Orange, Lemon, and Rosemary Essential Oils provides rapid, long-lasting relief.

Our enriched moisturizing blend of Sunflower Seed Oil, Shea Butter, Coconut Oil, Sweet Almond Oil and Vitamin E is perfect for nourishing, conditioning and supporting the skin.

Other ingredients: Pure Water, Vegetable glycerin (AKA glycerol), Vegetable cetyl alcohol (from coconut), Glyceryl Stearate (AKA Glyceryl MonoStearate and Sodium Citrate).

Usage: Apply a small amount to the effected area. Reapply as needed.

Storage: Store at room temperature away from direct sunlight.

Warnings: For external use only. Do not ingest. If swallowed, get medical help or contact a Poison Control Center right away. Avoid contact with the eyes or mucous membranes. Do not apply to wounds or damaged skin. Keep out of reach of children.

Manufactured in the USA for Greenwood Health Systems, Inc.
Hutchinson, KS, 67501

This science-based formula of totally natural ingredients relieves your arthritis and joint and muscle pain in minutes... and lasts for HOURS.

- RELIEVES Discomfort.
- RELIEF for Sore Muscles and Stiffness.
- POWERFUL Anti-inflammatory.
- MOISTURIZES the skin.

Generic topical treatments don't penetrate the skin to reach the muscles and joints. Intensive Essentials CBD Cream rapidly penetrates the skin for fast-acting, long lasting pain management you can trust. This is particularly useful for application to joint areas or superficial muscle tissue, as the active compounds will diffuse across the dermal layers directly to the site of pain and inflammation.

Scientifically Proven Results for Arthritis Sufferers:

One of the primary CBD oil benefits for arthritis sufferers is its positive effect on pain, and research confirms it. A study published in the journal *Pain* in December 2017 analyzed whether CBD could prevent osteoarthritis pain and joint neuropathy. Based on their findings, researchers affirmed that it did both because it decreased joint inflammation and served as a protectant to the nerves.

CBD Oil Relieves Other Chronic Pain Conditions:

CBD oil has been found to relieve other chronic pains as well. For instance, research published in *Therapeutics and Clinical Risk Management* indicates that cannabinoids have been helpful with easing pain for individuals diagnosed with conditions such as multiple sclerosis and cancer. Other studies have reported positive effects for individuals taking CBD to ease their fibromyalgia pain.

The primary active, pain-relieving ingredients in the **Intensive Essentials CBD Cream** are a blend of 100% organic CBD oil and organic camphor, eucalyptus, peppermint, sweet orange, lemon, and rosemary essential oils.

As an added benefit, the **Intensive Essentials CBD Cream** is also an incredibly effective moisturizing skin cream containing a blend of sunflower seed oil (*helianthus annuus*), shea butter (*butyrospermum parkii*), coconut oil (*cocos nucifera*), sweet almond oil (*prunus amygdalus dulcis*) and vitamin E.

Our all-natural ingredients, provide advanced relief SAFELY: the **Intensive Essentials CBD Cream** does not contain artificial dyes, synthetic fragrances, steroids, parabens, petrolatum, or phthalates.
